

**Pupil Premium Strategy Statement  
2020-21**

<b>5. Barriers to Future Attainment (for students eligible for Pupil Premium including high ability)</b>	
<b>In school barriers</b>	
A	<b>Assessment for Learning-</b> needs to be deployed to check understanding of key learning and to excavate anticipated misconceptions linked to the subject content
B	<b>Aspirations-</b> pupils need to know they can and will achieve. Teachers will support students to navigate their learning journey to achieve or surpass their minimum expected outcomes, thereby opening opportunities for them in the next stage of their education, training or employment
C	<b>Curriculum-</b> ensure the curriculum is STRENGTHEN and ADAPTED to support the learning needs of pupils and that teachers deploy strategies to assess and remedy gaps in student knowledge and / or skill at the earliest opportunity
<b>External barriers</b>	
D	<b>Parental engagement-</b> The parents of some disadvantaged students are not yet engaged or involved in their child's education as other disadvantaged students or other non-disadvantaged students within the school, resulting in a weaker relationship with teachers and their peers and poorer engagement with the school and its culture and ethos
E	<b>The contextual circumstances</b> - Disadvantaged students are having to cope with difficulties at home, resulting in an increased number of students presenting with mental health and CP issues, inevitably impacting on student progress.
F	<b>Access to technology-</b> Not all pupils have individual access to a computer, online platforms and / or access to the internet. This prohibits disadvantaged students from completing additional work or remote learning outside of school. This factor can result in the gap between disadvantaged students and non-disadvantaged students widening.

<b>6. Outcomes</b>												
	<b>Desired Outcome</b>	<b>Success Criteria</b>										
<b>A.</b>	Every class teacher will action deliberate practice for each class they teach, and each teacher must: <ul style="list-style-type: none"> <li>Know their students</li> <li>Know their class data and use this effectively to plan lessons focussed on individuals making significant gains in their learning</li> <li>Check in with DA pupils and ensure they understand what is expected of them</li> <li>Consistent praise and share with parents through whole school rewards policy</li> <li><i>Are 'Relentlessly Optimistic'</i></li> </ul>	SC1 - The success of this strategy will result in the achievement of the following performance indicators (based on FFT20/5 trajectories) for disadvantaged students in all subjects across key stage 3. <b>Year 7</b> <table border="1"> <thead> <tr> <th><b>Prior attainment</b></th> <th><b>% on track to meet their end of Year MEO</b></th> </tr> </thead> <tbody> <tr> <td>Low prior attainment</td> <td>≥75%</td> </tr> <tr> <td>Middle prior attainment</td> <td>≥75%</td> </tr> <tr> <td>High prior attainment</td> <td>≥75%</td> </tr> <tr> <td>Overall</td> <td>≥75%</td> </tr> </tbody> </table>	<b>Prior attainment</b>	<b>% on track to meet their end of Year MEO</b>	Low prior attainment	≥75%	Middle prior attainment	≥75%	High prior attainment	≥75%	Overall	≥75%

SC2 - The success of this strategy will result in the achievement of the following performance indicators (based on FFT20/5 trajectories) for disadvantaged students in all subjects across key stage 4.

<b>For disadvantaged students</b>	<b>Performance indicators 2019</b>
A8 lies in the range	Between 4.3 and 4.6
P8	Between -0.2 and 0
Basics (9-5)	38%

SC3 - The success of this strategy will result in the achievement of the attainment indicators in qualifications across Key Stage 4

<b>Subject Performance Indicators</b>	<b>9 - 7 %</b>	<b>9 - 5 %</b>
<b>Biology</b>	41%	100%
<b>Chemistry</b>	41%	100%

<b>Science Combined</b>	5%	30%

In addition to the quantitative success criteria (SC1, SC2 and SC3) the qualitative impact will be measured through:

- Student experience – via attitudinal surveys which will be undertaken termly commencing 12/20 against baseline perceptions identified in the external Pupil Premium review 11/19
- Staff perceptions – via attitudinal surveys in relation to their experience of the impact on the extent to which disadvantaged students are meeting curriculum aims. Again, undertaken termly commencing 12/20.
- Feedback from the second and third monitoring cycle (01/21 & 04/21) in which a separate evaluation will be undertaken to determine the:
  - Quality of Education for disadvantaged students through student perceptions, book trawls and discussions with staff.

Feedback for QA cycle will specifically evaluate:

- Effectiveness of the class teachers understanding of their group- measured through a discussion through lesson/ MC feedback

		<ul style="list-style-type: none"> <li>• Pupil voice- questionnaire (all year groups) and forum (across KS3 &amp; KS4) (12/20; 3/21; 6/21) will demonstrate that pupils’ feel that teachers know them and that staff want the best for them</li> <li>• Pupil voice will take a representative sample across each Key Stage DA population, including HPA, MPA, LPA, BAME and SEND</li> </ul>																														
<b>B.</b>	<p>Owing to the EEF 2019 guide that ‘Good teaching is the most important lever schools have to improve outcomes for disadvantaged students’, in the year 2020/2021 we will continue to embed and enhance our approach to teaching and learning to ensure the following aspects are prioritised:</p> <ul style="list-style-type: none"> <li>- Subject Team Leaders have plans in place to enhance and strengthen their teams’ subject knowledge and subject pedagogical knowledge</li> <li>- Recall and retrieval to make links between working memory and long-term memory between and within lessons</li> <li>- Driving questions aligned to the learning in the lesson</li> <li>- Explanation that conveys the key learning as framed in the driving question</li> <li>- Assessment for Learning strategies used to check the acquisition of key content knowledge and to excavate anticipated, common misconceptions</li> </ul> <p>To ensure all students, but especially students from disadvantaged backgrounds, access high quality teaching</p>	<p>In addition to SC1, SC2 and SC3, the qualitative impact will be measured through:</p> <ul style="list-style-type: none"> <li>• Feedback from the second and third monitoring cycle (01/21 &amp; 04/21) in which we will specifically evaluate: <ul style="list-style-type: none"> <li>○ Effectiveness of the chosen pedagogical aspects (Recall, Explanation, Challenge, Guidance and Assessment for Learning) on helping students to learn and remember more.</li> <li>○ Improvements amongst staff competence (using the QTM) regarding these 5 specific areas.</li> <li>○ Effectiveness of the use of direct instruction as a lever to ensure all disadvantaged students meet their age-related expectations as defined by the relevant curriculum aims for the age and starting point.</li> </ul> </li> </ul>																														
<b>C.</b>	<p>Develop the learning behaviours of disadvantaged pupils in all years to ensure this does not preclude them from making progress as good as their non-disadvantaged peers. In addition to the quantitative success criteria (SC5 and SC6) - the qualitative impact will be measured through:

- Student experience – via attitudinal surveys which will be undertaken to evaluate the extent to which disadvantaged students feel included and supported (including the effectiveness of interventions and Aspire curriculum.)
- Increased percentage of pupils applying for and successfully being admitted to Level 3 courses as a result of improved outcomes for disadvantaged pupils.

**F.** Ensure all DA pupil have access to the necessary technology to enable all pupil to work from home and lack of technology does not become a barrier in allowing pupils to progress and achieve.

Including access to online learning platforms such as: Hegarty Maths and Century Tech

In addition to the quantitative success criteria (SC1, SC2 and SC3) - the qualitative impact will be measured through:

- Survey to ascertain to provision required (hardware and software)
- Training to ensure students can use technology
- Subject Team Leaders / Disadvantaged Champions will feedback monthly on the engagement rates of pupils beginning September 2020
- Feedback from the second and third monitoring (01/21 & 04/21) cycle in which we will review the extent to which the allocated resources are being used to ensure all disadvantaged students meet their curriculum aims.

**G.** Following the feedback from parent voice and the increase in attendance of disadvantaged families at parents evening since 2018, the school will continue to improve and develop our engagement with the parent and carers of disadvantaged and 'not yet reached', by being proactive in the way we seek engagement. This will be achieved through:

- Website signage to ensure parent and carers are fully aware of what children will be learning across the curriculum

SC8- Ensure the attendance/ access to parents' consultations via phone/ Teams/ meetings for disadvantaged students exceeds that of the whole cohort

In addition to the quantitative success criteria (SC7) - the qualitative impact will be measured through:

- Student and parental experience – via attitudinal surveys which will be undertaken to evaluate the extent to which disadvantaged families feel included and supported.

**H.** Following pupil voice feedback from the 2019-20 disadvantaged strategy review, ensure pupils are provided the SEMH support required to achieve in line with their peers.

In addition to the quantitative success criteria (SC1, SC2, SC and SC4)- the qualitative impact will be measured through:

SC9- Disadvantaged pupils who know where to go in school if they need help or support

- Student and parental experience – via attitudinal surveys which will be undertaken to evaluate the extent to which disadvantaged families feel included and supported.
- Feedback from pupil voice and forum (12/20; 3/21 and 6/21) will demonstrate an improvement in the percentage of pupils who know where they can go if support was needed.
