

Pupil premium strategy statement – Lyndon School

This statement details our school’s use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	1172
Proportion (%) of pupil premium eligible pupils	33%
Academic year/years that our current pupil premium strategy plan covers	2023-24
Date this statement was published	October 2023
Date on which it will be reviewed	February 2024
Statement authorised by	Mr A Butt
Pupil premium lead	Mr D Francis
Governor / Trustee lead	Miss A Asad

Year	2021-2022	2022-2023	2023-24

Year 8	33%	36%	31%
Year 9	40%	29%	36%
Year 10	36%	40%	30%
Year 11	38%	36%	38%

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£427,455
Recovery premium funding allocation this academic year <i>Recovery premium received in academic year 2023/24 cannot be carried forward beyond August 31, 2024.</i>	£115,092
Pupil premium funding carried forward from previous years (<i>enter £0 if not applicable</i>)	£0
Total budget for this academic year	£542,547

Part A: Pupil premium strategy plan

Statement of intent

At Lyndon School, every child has access to an ambitious, inclusive and knowledge-rich curriculum so that all learners - regardless of their background – achieve their potential. This ambition permeates all colleagues in the school and is visible through colleagues knowing every child and taking proactive steps to ensure that learners identified as eligible for the pupil premium achieve as well as their non-disadvantaged peers nationally. This is achieved through expert teaching and intentionally planned cultural capital activities so that all learners are able to leave Lyndon equipped to live happy, successful lives as local, national and global citizens.

At the core of our curriculum is a desire that all learners, regardless of their starting point, demographic, or socio-economic status, are able to access the curriculum and reach their full potential. Nothing should preclude a child from having ambition or having the ability to know more and remember more.

The pupil premium strategy supports learners to access and achieve the curriculum aims through the provision of enriching and purposeful cultural capital opportunities, which are imperative in tackling social inequality. Moreover, we endeavour to address challenges in our community, such as ensuring access to the correct equipment and uniform where this may not otherwise be accessible, and by providing contributions towards otherwise unaffordable activities. Early assessment means that intervention is focused on the needs of individuals.

Our curriculum is adapted for learners through:

- The sequencing of explicit cultural capital opportunities across subjects, providing learners with the cultural literacy to build upon prior knowledge;
- Teachers utilising a wide variety of information (such as attendance data, formative and summative assessment, and praise and behaviour logs) to adapt their planning, teach from the top, and support all learners;
- Providing aspirational targets and pathways that are accessible to all. All learners are expected to achieve within the top 20% of all learners nationally;
- Offering a clear pedagogy based on research, which ensures that all learners have the same access to curriculum knowledge.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1. Quality of Education/Outcomes	Whilst the progress of pupil premium learners at Lyndon in 2023 was above their non-disadvantaged peers nationally (+0.18), there remains some in-school variation. Learners' English and Maths at grade 5+ (30%) and at grade 4+ (60%) remain below the national average for their non-disadvantaged peers (52% and 73% respectively). EBacc entries for disadvantaged pupils were higher (45% compared to 43%) for non-disadvantaged learners nationally, but attainment at 4+ and 5+ (20% and 13%) was below the average for non-disadvantaged pupils (28% and 20%) for non-disadvantaged). Internal data suggests gaps across a variety of subjects in all year groups, particularly in English and Mathematics in Year 8 and 9.
2. Literacy and reading ages	Assessments, observations and discussions with learners indicate that learners eligible for the pupil premium generally have lower levels of reading comprehension than peers. This impacts their progress across subjects.
3. Attendance	Our attendance data over last year indicates that attendance among learners eligible for the pupil premium has been lower than for non-disadvantaged learners. Our assessments and observations indicate that absenteeism is negatively impacting their progress.
4. Wider support	Some learners and families do not have the means to access wider resources and the extensive range of equipment and uniform needed to succeed in school.
5. Wellbeing	Our assessments (including wellbeing survey), observations and discussions with learners and families have identified social and emotional issues for many pupils, such as anxiety and low self-esteem. This is partly driven by concern about catching up lost learning and exams/future prospects. These challenges particularly affect learners eligible for the pupil premium, including their attainment.
6. Cultural capital	Some learners are not able to access our broad and inspirational enrichment, cultural capital and extra-curricular programme that supports the development of cultural, moral and social understanding.
7. Aspiration	Learners sometimes do not receive appropriate guidance so that they understand possible career pathways that are aspirational.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Quality of Education/Outcomes	The Quality of Education for all learners, including those who are eligible for the pupil premium, is at least 'Good' or 'Outstanding'.

	<p>Learner outcomes will show disadvantaged learners at Lyndon make positive progress compared to all learners nationally.</p> <p>P8: Above 0, with a target of closing the gap again to non-disadvantaged pupils (0.17 in 2023)</p> <p>A8 score: 50.2+ (2023 national average for non-disadvantaged learners)</p> <p>Basics 5+: 73%+ (2023 national average for non-disadvantaged learners)</p> <p>Basics 4+: 52%+ (2023 national average for non-disadvantaged learners)</p> <p>Learning walks and the school's QA cycles will show that teaching colleagues understand the needs of the learners in their lessons; use class data to ensure adaptive teaching is effective; have embedded the school's EiTP pedagogical model; and consistently use the school's behaviour policy.</p> <p>Gaps in learning are identified and addressed so that disadvantaged learners attain as well as their peers in school.</p> <p>The percentage of disadvantaged students meeting their age-related expectations in Key Stage 3 and 4 is as good as their non-disadvantaged peers at KS3 and that students achieve their ambitious FFT20 targets at KS4.</p>
Literacy and reading ages	<p>Gaps in reading ages are identified and addressed quickly through appropriate means of support, so that all learners can access the curriculum offer.</p> <p>Learners are assessed at the start of each year. Intervention programmes are planned, implemented and evaluated to improve learners' reading ages.</p> <p>Learners become more confident in reading.</p>
Attendance	<p>The attendance of disadvantaged learners is consistently above the national average so that all learners access the full curriculum offer.</p> <p>An additional Attendance Officer is employed.</p> <p>Daily attendance will be monitored and individual needs will be assessed so that challenges to attendance are removed.</p>
Wider support	<p>Removeable challenges are addressed, so that all learners access the full curriculum offer. This includes support for independent studies to be completed outside of the school day.</p> <p>Equipment and uniform will be provided for learners who may not otherwise be able to purchase it.</p>
Wellbeing	<p>Ensure that, where appropriate, learners are provided with the Social, Emotional and Mental Health support required to achieve in line with their peers.</p>
Cultural capital	<p>Alongside the broadening of cultural capital sequenced into each subject's curriculum, ensure learners are able to benefit from the activities and trips.</p> <p>Learners are encouraged to participate in the wide range of extra-curricular activities offered after school.</p>

Parental engagement	<p>Parents and carers will feel confident in supporting their children's academic learning and understand the provision that is offered at Lyndon School.</p> <p>Information Evenings will be held for parents/carers so that they understand the school's curriculum, offer and how they can support their child at home.</p> <p>The Lyndon Parent Academy will continue to help parents/carers support their child at home.</p> <p>Information guides, detailing the school's curriculum offer, will be prepared and provided to all parents/carers.</p>
Careers advice	<p>Ensure that learners are given appropriate guidance so that they understand possible pathways that are aspirational and that they have a good understanding of what they need to do in school to achieve their career ambitions.</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £294,234

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Provide targeted specialist teaching to aid progress and attainment in English, Mathematics, Science and Humanities helping to address gaps in learning and/or tackle underachievement to ensure that the Quality of Education is strong and outcomes are above national average. (£66,861.20 x 4)</p> <p>In addition, an extended day for Year 11 until 4pm 4 days a week will continue. Tutor time for Year 11 utilised to support the teaching of English and Maths and for Science in Year 10. Learners are provided with access to websites, such as <i>Century Tech</i>, <i>Sparx</i> and <i>Seneca</i> to support learning outside the classroom.</p>	<p>Ensuring an effective teacher is in front of every class, and that every teacher is supported to keep improving, is the key ingredient of a successful school and should rightly be a top priority for pupil premium spending:</p> <p>The EEF Guide to the Pupil Premium</p> <p>The two factors with the strongest evidence of improving learner attainment are:</p> <ul style="list-style-type: none"> - teachers' content knowledge, including their ability to understand how students think about a subject and identify common misconceptions - quality of instruction, which includes using strategies like 	1, 2

	<p>effective questioning and the use of assessment</p> <p>https://www.suttontrust.com/our-research/great-teaching/</p>	
<p>Improve literacy in all subject areas. Professional development will be tailored to improve colleagues' knowledge in this area.</p>	<p>Acquiring disciplinary literacy is key for students as they learn new, more complex concepts in each subject:</p> <p>Improving Literacy in Secondary Schools</p> <p>Reading comprehension, vocabulary and other literacy skills are heavily linked with attainment in Maths and English:</p> <p>word-gap.pdf (oup.com.cn)</p>	1, 2
<p>Launch of Bookbuzz programme across Years 7 and 8 to promote a love for reading.</p> <p>Purchase of licence to diagnose and assess reading ages and gaps to inform interventions and planning of lessons.</p> <p>Appointment of a librarian to promote a love for reading.</p>	<p>Acquiring disciplinary literacy is key for students as they learn new, more complex concepts in each subject:</p> <p>Improving Literacy in Secondary Schools</p> <p>Reading comprehension, vocabulary and other literacy skills are heavily linked with attainment in maths and English:</p> <p>word-gap.pdf (oup.com.cn)</p>	1, 2

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £90,576

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Directors of Progress appointed use data to identify learners who need additional support. They contribute to a revised intervention timetable, including peer reading and homework clubs.</p> <p>An inclusion assistant will be appointed to provide specialist support to disadvantaged learners with SEND.</p>	<p>Evidence consistently shows the positive impact that targeted academic support can have, including on those who are not making good progress, or those who have been disproportionately impacted by the effects of the pandemic. Considering how classroom teachers and teaching assistants can provide targeted academic support, such as linking structured small group interventions to classroom teaching and the curriculum, is likely to be an essential ingredient of an effective pupil premium strategy:</p>	1, 2, 4

	The EEF Guide to the Pupil Premium	
Engage with the National Tutoring Programme to provide a blend of tuition, mentoring and school-led tutoring for pupils whose education has been most impacted by the pandemic. A significant proportion of the pupils who receive tutoring will be disadvantaged, including those who are high attainers.	On average, one to one tuition is very effective at improving pupil outcomes. One to one tuition might be an effective strategy for providing targeted support for pupils that are identified as having low prior attainment or are struggling in particular areas: EEF: One to one tuition And in small groups: EEF: Small group tuition	1, 2, 4

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £157,737

Activity	Evidence that supports this approach	Challenge number(s) addressed
Address any challenges that learners face as a result of social disadvantage: this will manifest itself through providing those in most need with the necessary equipment, uniform and resources required to meet the school's expectations.	Whilst wearing a uniform is not, on its own, likely to improve learning, it can be successfully incorporated into a broader school improvement process which includes the development of a school ethos and the improvement of behaviour and discipline. If a uniform policy is in place, it is important to consider how to support families that may not be able to afford uniform: EEF: School uniform Ensuring removeable barriers to school attendance are removed where support is required. Attendance is closely linked to attainment in line with DfE guidelines.	1, 2, 3, 4
Cultural capital: support to ensure the cultural capital of learners is enriched through intentionally planned, purposeful activities integrated into the curriculum offer for all learners. Learners are encouraged to participate in the wide range of extra-curricular activities offered after school. This will include peripatetic lessons.	Eagleston, in his June 2021 paper entitled, "Powerful knowledge', 'cultural literacy' and the study of literature in schools" cites a 2013 KS1 and KS2 Department for Education paper, "The knowledge <i>is in</i> and <i>arises from</i> the personal experience, as the National Curriculum recognises in asking students to 'make an informed personal response' (DfE 2013, p.5)", which underscores our approach to	1, 6

	<p>intentionally planned cultural literacy activities.</p> <p>DfE: The national curriculum in England</p>	
<p>Pastoral support: embed principles of good practice set out in DfE's Improving School Attendance advice.</p> <p>Colleagues have training and release time to develop and implement new procedures. Attendance/support officers will be appointed to improve attendance.</p>	<p>The DfE guidance has been informed by engagement with schools that have significantly reduced persistent absence levels.</p>	1, 3
<p>Welfare support to support the resilience and wellbeing of learners to attend and succeed at school so that they are able to participate in a broad, balanced, and ambitious curriculum.</p>	<p>Learners who are supported with their mental wellbeing are more likely to succeed in school:</p> <p>EEF: Social and emotional learning</p>	1, 5
<p>The establishment of a Lyndon Parent Academy, to include a bespoke blended curriculum and a range of Information Evenings to support the engagement of parents and carers in supporting their child with academic progress.</p>	<p>Parental engagement has a positive impact on progress:</p> <p>EEF: Parental engagement</p>	1, 7
<p>The high quality, impartial careers guidance provided assists disadvantaged learners to make informed choices with regards to academic needs and aspirations.</p>	<p>Careers education works best when it is personalised and targeted to individuals' needs from an early age. Young people who have a good understanding of what they need to do in school to achieve their career ambitions and are better placed to succeed economically later in life than their peers:</p> <p>EEF: Careers education</p>	1, 7

Total budgeted cost: £542,547

Pupil Premium expenditure breakdown

Intent	Spending
Provide targeted specialist teaching to aid progress and attainment in English, Mathematics, Science and Humanities helping to address gaps in learning and/or tackle underachievement to ensure that the Quality of Education and outcomes are above national average. (£69,321.25 x 4)	£277,285
Appointment of Directors of Progress for each year group in KS3 and Year 10 (£7,201 x4)	£28,804
Provide accredited 'Careers Information Advice and Guidance' so that students that are entitled to the premium securely make and sustain their next step in their learning journeys. £5,600 – Careers Service	£5,600
School Led Tutoring Allocation (50%)	£28,687
Enhance students' Cultural Literacy	£30,216
Welfare/pastoral support – counsellor x2 and external mentors	£41,340
Funding for additional resources and/or equipment	£15,523
Total Pupil Premium Spend 2023/24	£427,455

Recovery Premium expenditure breakdown

Intent	Spending
Bookbuzz cost	£1,650
Renaissance and Hodder education licences	£9,430
Appointment of a Librarian	£32,028
Appointment of an Inclusion Assistant (part-time)	£13,303
Appointment of an additional Attendance Officer	£34,681
Additional funding for resources and equipment, to include the tackling of the 'digital divide'.	£24,000
Total Recovery Premium Spend 2023/24	£115,092

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils

In summary, we had a cohort of 238 learners in Year 11. 93 of these were eligible for the Pupil Premium. In 2022, grade boundaries were more lenient as a result of the Covid pandemic and were between the 2019 and the more generous 2021 TAGs. This was no longer the case from summer 2023.

National data showed a Progress 8 figure of 0.40 for all learners, above the national average. P8 for learners who are disadvantaged is 0.18, above the national average when compared to non-disadvantaged learners (0.17) and well above their peers nationally. This was a clear improvement since the Year 10 PPEs took place in summer 2022 (when predicted P8 was - 0.15 for PP learners) and a reflection of the quality of education and intervention programmes afforded to learners.

The average A8 for PP learners was 4.15, compared to 4.78 for their all pupils within school. English and Maths at 4+ and 5+ for PP learners (60% and 30% respectively), whilst ahead of their peers nationally (approximately 49% and 29% according to data collaboration), is not as strong as that of non-disadvantaged peers nationally (73% and 52%). Attainment and Basics will remain an area of focus for those learners eligible for the Pupil Premium in 2023-24.

At a subject level, areas that secured particularly high levels of progress for Pupil Premium learners which were well above the national average include Sports Science, Triple Science, Hospitality and Catering, Photography, Media, Religious Education, Business, English, Creative iMedia and Art.

This year, we reviewed our assessment procedures and systems and a new assessment process has recently been implemented successfully in KS3. Moving forward, this will give us a more accurate set of data that can be compared against national standards.

KS3 and Year 10 data showed that the majority of learners are on track to meet MEOs at this stage. Teachers are confident that learners are making good progress through the knowledge-rich curricula in each subject area with some exceptions. Although Pupil Premium learners are making progress towards the achievement of the expected standards in most subject areas, some variation remains. This variation is most prominent in English and Maths in Year 7 and Year 8. Further adaptations to the curriculum are in place following this data harvest to address the emerging gaps between those that are eligible for the Pupil Premium and their non-disadvantaged peers.

A whole-school review and ongoing QA cycles showed that the literacy strategy was being implemented well. There were numerous examples of extended pieces of writing, and exposure to tier 2 and tier 3 vocabulary is embedded, particularly through the use of key words in each subject area. Literacy mats are used effectively in some subject areas to support learners. There was evidence of good practice and opportunities for learners to enhance oracy skills.

Directors of Progress have been appointed for each of Year 7, 8 and 9. They have run workshops for parents/carers and have created information guides as part of the Lyndon Parent & Carer Academy to better inform families about the content their children will be learning and how they can be supported at home. They have strategic oversight of interventions taking place in each year group and have established a Homework Club so that all learners have access to support with independent learning. Target learners have been placed on Progress Reports and a review suggests these had a positive impact. They have also established peer reading and their own reading intervention groups. This led to over two thirds of learners significantly increasing their reading ages.

Our tutoring activities focus on providing tuition in small groups to address individual needs. To maximise the use of the NTP allocation, funding was targeted using a graduated approach. Additional half-term and Easter sessions are offered across a range of subjects ahead of GCSE, contributing to positive progress. Most learners targeted (86.6%) reduced the gap between their CPI and aspirational MEOs, with some (40%) now meeting or exceeding their MEOs.

Parents and carers continue to be supported throughout the year as funding was allocated to uniform, equipment, bus passes, laptops, internet dongles. As in previous years, parents, carers and learners were overwhelmingly positive about the strategy and valued the support that the school was able to provide their children. This, in part, contributed to the positive examination results published in the summer of 2023.

Funding has been allocated to provide Pupil Premium learners the opportunity to attend extra-curricular activities linked to the curriculum whilst also broadening their cultural capital. This included the highly successful visit to the City of Birmingham Symphony Orchestra for the whole of the Year 7 cohort and selected learners for excursions to the Blood Brothers musical, the Houses of Parliament, The Commonwealth Day Service of Celebration at Westminster Abbey, the Brecon Beacons and France.

Pupil Premium learners are encouraged to attend extra-curricular activities and a range of sports clubs. Attendance to these is tracked across the year. Funding was also provided for learners who wished to play a musical instrument. As in previous years, learner voice across these aspects was overwhelmingly positive.

Attendance data for the year for the whole school was 92.2%. Although this was lower for PP learners (89.5%), both figures remain ahead of the national attendance (90.7% and 85.3% respectively according to FFT). This will remain an area of focus for 2023-24.

Learners have access to a range of pastoral and wellbeing measures as part of their schooling. Learners are generally extremely positive about the support available to them and this is supported by parent/carers feedback, with 98% of parents/carers stating that their child was happy at Lyndon School and the same number saying that the school supported their child's wider personal development.

Workshops for KS3 and Year 10 have taken place already this year. Parent/Carer Information Guides have been produced and distributed to all year groups. These include content covered, useful websites, tips for success and suggested wider reading for each subject area. Feedback on these sessions was positive from parents and carers and they valued the opportunity to

meet and ask questions of members of the school's leadership team. We plan to launch an online platform in the next academic year.

All Year 11 learners have accessed personalised guidance from an external careers consultant. They have been supported with college/apprenticeship applications and next steps. This contributed to a figure of 0.4% of learners in Year 11 classed as Not in Education, Employment or Training (NEET), comparing favourably to both local and national equivalents.

BookBuzz in 2022-23 was highly successful and feedback from learners, parents and carers was overwhelmingly positive. The majority of learners appreciated having a wide choice of books, acknowledged that they were more likely to read more widely and discuss this with friends. Parents and carers also spoke highly about the initiative.

We employed an academic tutor in Mathematics. Learners identified received small group tuition before, during or after school. Most learners have reduced the gap between their CPI and aspirational MEOs, with some now exceeding their MEOs. Between the end of Year 10 and their final exams, targeted learners increased their grade by almost four whole grades on average.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.

Programme	Provider
National Tutoring Programme	Conexus

Further information

Roles and Responsibilities

Each colleague has specific responsibilities, which include the monitoring, evaluation and review of the support provided.

Senior Leader – Pupil Premium Lead

- To provide termly progress of Pupil Premium learners for the Principal and the Governing Body
- Liaise with the Designated Safeguard Leader about attendance and Looked After Children with reference to LAC Pupil Premium
- Liaise with the Vice Principal responsible for attendance who will work with designated staff to monitor attendance and evaluate against set targets on Pupil Premium Plan
- Provide appropriate support and guidance for staff when planning targets and support for Pupil Premium learners including current and up to date strategies
- Monitor quality and impact of intervention, e.g. one-to-one support, mentoring etc.
- Coordinate termly meetings to monitor progress and support for Pupil Premium learners

Finance Manager

- Monitor delegation of funding for Pupil Premium, and LAC Pupil Premium in liaison with the LAC lead
- Provide information on allocation for Pupil Premium funding via the school website

Senior Leadership Group

- To monitor the implementation of the Pupil Premium Strategy in their areas of substantive responsibility, including:
 - Ensuring teaching is of the highest standards and conforms to the school's EiTP model
 - Monitor the progress of Pupil Premium learners
 - Agenda and discuss the provision and progress of Pupil Premium learners in Line Management meetings each half term

- Provide a half-termly update to the Assistant Principal in charge of Pupil Premium learners regarding their areas of substantive responsibility
- Perform Quality Assurance tasks with a specific focus on Pupil Premium learners
- Support their Curriculum Leads in monitoring and implementing the Pupil Premium Strategy into their subject areas

Curriculum Leads /SEND Coordinator

- Monitor the implementation of identification of Pupil Premium learners by class teachers and the creation of seating plans
- Ensure the teaching of Pupil Premium learners is of the highest standard and conforms to the school's EiTP model
- Ensure the monitoring of the progress of Pupil Premium learners takes place by class teachers within their subject areas
- Monitor the progress of Pupil Premium learners, in all key stages, across the department
- Create and update intervention plans to promote the progress of Pupil Premium learners
- Utilise any extra ring-fenced funds provided by the school to support Pupil Premium learners and evaluate the use of such funds.
- Champion the Pupil Premium learners in their subject and put them at the forefront of all decision making
- Ensure that teaching assistants and other applicable mentors/ coaches, are used to support the progress of Pupil Premium learners as appropriate
- Share good practice regarding Pupil Premium provision across the department
- Implement and monitor a Praise/ Rewards system that recognises the effort, achievement and progress of all learners and is shared with families on a regular basis, e.g. praise emails, praise points

Pastoral Managers

- Know who the Pupil Premium learners are in their year group
- Liaise with the Vice Principal (Attendance) and Admin team and parents/carers regarding attendance and progress of Pupil Premium learners and service children
- Support in removing the potential barriers for learning for Pupil Premium learners in your year group, e.g. supplying specific equipment, revision guides, etc.
- Support Pupil Premium learners' families in the uptake of school-based events, e.g., Information Evenings, Progress Evenings

Classroom teachers

- Be 'Relentlessly Optimistic'
- Ensure that colleagues are aware of Pupil Premium learners, their progress, and their needs
- Use 'data' from Assessment for Learning, observation, book looks to adapt the teaching to address misconceptions and bridge gaps in learning
- Evaluate the impact of intervention strategies within the classroom and escalate any concerns to the Curriculum Lead
- Share information regarding the Pupil Premium strategy with the rest of the department and assist the Curriculum Lead in quality assuring these
- Review homework uptake and completion and support in the removal of avoidable challenges e.g. lack of resources and equipment
- Ensure teaching assistants are fully prepared to assess the progress and learning outcomes for all learners, including those requiring extra support
- Monitor closely the progress of Pupil Premium learners to ensure their progress is in line with, or exceeding, their non- disadvantaged peers
- Be consistent with the use of praise and share with the parents through the whole school rewards policy

Lyndon Governing Body

- The designated link Governor for Pupil Premium learners will act on behalf of the LGB. They will meet with the Senior Leader to evaluate plans and subsequent impact on progress and attainment, evaluate termly reports, participate in discussions with learners, where appropriate, with a focus on learning and success of Pupil Premium learners
