

## Lyndon School Application for Provider Access – Information, Advice and Guidance

### Introduction

This document sets out the school's arrangements for managing the access of providers to students at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

### Student Entitlement

All students in years 7-13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point and the routes these options could lead onto in the future.
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events.
- to understand how to make applications for the full range of academic and technical courses and have the opportunity to ask the provider questions.
- These provider encounters can include live online opportunities and will be scheduled during the main school day. The provider will be given a reasonable amount of time to deliver the session.

### Management of Provider Access requests

#### Procedure

A provider wishing to request access should contact Mrs Carey, Timetable and IAG Manager

Telephone: 0121 743 3402 Email: [julie.carey@lyndon.org.uk](mailto:julie.carey@lyndon.org.uk)

Careers Leader: David Kelly. Telephone: 0121 743 3402 Email: [dave.kelly@lyndon.org.uk](mailto:dave.kelly@lyndon.org.uk)

### Opportunities for access

The school offers a comprehensive Careers Education, Information, Advice and Guidance programme and an overview of this programme can be seen in the Careers Education, Information and Guidance section which can be seen on the school website. Below you will find details of events that have been undertaken by students in the 2024-25 academic year with names of providers who have supported these events.

Please speak to Mrs Carey to identify the most suitable opportunity for you. The school will make a suitable space available for discussions between the provider and students, as appropriate to the activity. The school will also make available ICT and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with Mrs Carey or a member of their team.

Providers are welcome to leave a copy of their prospectus or other relevant course literature with Mrs Carey so that they can be displayed in the Careers Section of the school library.

Any complaints should be raised to Julie Carey, email: [julie.carey@lyndon.org.uk](mailto:julie.carey@lyndon.org.uk) in the first instance. This will then be raised with David Kelly (Careers Leader).
